

Communications & Collaboration

Do you collaborate the old fashioned way, or can you work in an increasingly distributed office?

Overview

As a Microsoft Gold Communications partner, Concurrency helps clients put in place **effective communication channels** between **people** and **organizations**—regardless of medium, platform, device, or location. The Microsoft Skype for Business platform brings IM, presence, conferencing, and voice together in one platform fully integrated with Microsoft Office.

With an integrated approach, you can bring your people together cost-effectively through email, instant messaging, enterprise social, conferencing, video and more. We can help you determine whether to deploy on-premises or in the cloud.
