

AI Momentum Summit 2025

Accelerating Your Development
Team with GitHub Copilot

Mac Krawiec

LinkedIn

Concurrency

Agenda

- Kickoff and quick poll
- Copilot 101: What it is and why it matters
- How teams use GitHub Copilot
- Hands-On Workshop – Lets build with Copilot
- Measuring Impact with Metrics Viewer & GitHub API
- Plan your team's adoption
- Key takeaways and next steps

The Numbers

50,000+ organizations adopted Copilot

55% faster code delivery

85% of developers feel more confident in their code quality

52% of employees seeing a positive impact on the quality of their work

31% reporting less cognitive fatigue

95% of developers reporting they enjoyed coding more

Show of hands...

Never used it

Dabbled for personal use

Actively developing with Copilot

Have delivered solutions with Copilot

```
JS test.js 1 ●
JS test.js > calculateDaysBetweenDates
1 function calculateDaysBetweenDates(begin, end) {
    var beginDate = new Date(begin);
    var endDate = new Date(end);
    var days = Math.round((endDate - beginDate) / (1000 * 60 * 60 * 24));
    return days;
}
2
```

```
1 // create a class in TypeScript to represent a student that has a name, an id, and a list of courses
2 // the class should have method to add and remove a course to the list of courses
3
4 class Student {
    name: string;
    id: number;
    courses: string[];

    constructor(name: string, id: number, courses: string[]) {
        this.name = name;
        this.id = id;
        this.courses = courses;
    }

    addCourse(course: string) {
        this.courses.push(course);
    }

    removeCourse(course: string) {
        this.courses = this.courses.filter((c) => c !== course);
    }
}
```

Lets Build With Copilot

Measuring Impact with Metrics Viewer & GitHub API

Prove It Works

- Without the ability to see how Copilot is being used in your company it becomes just another novelty that you forget within a few months.

The answer

Our questions

- Who is using it
- What are they using it for
- How often are they using it
- How often is it helping
- How do we use it better

Dive Into Metrics Viewer

How can you leverage GitHub Copilot within your teams?

Next Steps

- **GitHub Copilot Metrics Discovery Session** – Spend 30 minutes with our presenter to explore key performance metrics to track AI-driven efficiencies, optimize workflows, and drive continuous development improvements.
- **Bring the Event to You!** – We will present any topic/topics from our event at your organization.
